

Freedom and Education

Rescue children from servitude and provide education

How can you help us?

In order for us to move forward and enable other children to leave servitude behind and to have access to quality education, your help is needed.

How? For example, you can spread around information about the association, for instance by distributing this tract.

You can become an active member of the association with an **annual donation of**

20 USD

You can become a benefactor member by making a donation of **120 USD** and an annual contribution of **30USD**. You will regularly receive detailed information about the children and their progress, thanks to the contacts we have with the director of the partner school in Pokhara.

At the present exchange rate, the cost of an entire school year in

boarding school, all expenses paid, including the uniform (mandatory in Nepal), clothing and school supplies, amounts to **1300 USD**. Depending on the donations we receive, thanks to our correspondents on location, we will be able to help other child slaves to have access to education in favorable conditions, so that they may build themselves a brighter future.

Aashish, the first child taken in charge by the association, in the restaurant where he was in servitude, and after his arrival at the Fewa school.

chengdoma@laposte.net

I have decided to help the Chengdoma Association to rescue other Nepalese children from slavery and to provide them with education.

Name: First Name:

Adress:

Email:

- I join the Chengdoma Association for 20 USD
- I become benefactor member for 120 USD
- I contribute to the schooling of another child with a donation of€

The donations are entirely and exclusively used for the schooling of the children we have taken responsibility for.
